# ENGINEERING NEWS-RECORD

*A WEEKLY JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION*

---

**Volume 156**

★

**JANUARY–JUNE, 1956**

McGRAW-HILL PUBLISHING CO., INC.

330 WEST 42d ST., NEW YORK 36, N. Y.

---

## A

**Accidents**

Lesson from a tragedy.....June 28 e100
Lightning strikes dynamite cache damaging truck and shovel.....June 14 *28
Water stops rock drift work on Lincoln Tunnel third tube.....Feb. 2 *22
AIDIS—Sanitary engineering congress shows Latin-American advances Apr. 12 *56

**Aeronautics**

Airports
Abilene Air Force Base, Tex.—SAC speeds family housing program Apr. 12 116
Belgian Congo industrial boom creates demand for new airports May 24 68
Construction is on the rise—jets or no jets.....Feb. 16 41
David-Monthan Air Force Base, Tucson, Ariz. requires precision work (unit prices) .....Apr. 19 136
Egypt—Cairo International Airport's date of completion set for January, 1959 .....May 24 *67
Federal aid—CAA allocates $52 million in federal matching funds June 21 112
Germany—Army builds hotel—processing center. Col. M. C. Ellison Mar. 8 *83
Halloman Air Force Base missile testing project.....Mar. 29 26
Jet airports—the price is high Jan. 19 *29
Jet airports—the price is high—The jet airport problem. S. S. Cooke-Yarborough .....Mar. 8 11
London air terminal will rest on steel and concrete platform.....Mar. 8 91
L. A. Dept. of Airports will apply new type surfacing to eliminate creeping on taxiway extensions (unit prices) .....Apr. 12 104
Miami International Airport—Terminal building's steel work (unit prices) .....Mar. 29 72
Minot and Grand Forks, N. D. airbase builders tackle cold weather conditions .....May 31 (F) *24
Plattsburgh Air Force Base—the U. S. Air Force paves a valley Jan. 19 (F) *34
Puerto Rico's new Isla Verde Int. airport subdivides traffic for efficiency Jan. 12 (F) *30
Runway maintenance is a complex task .....June 7 32
St. Louis, Mo. three-domed air terminal finished .....Mar. 8 *26
San Diego's Lindbergh Field too crowded—new site wanted. Apr. 5 34
Stapleton Municipal Airport, Denver, Colo., plans for jet age ....Mar. 1 25
Thule water supply. Col. Morton Solomon ..... June 14 (F) *53

Hangars
Big hangar and prestressed taxiway for Paris' Orly Airfield—Flat jacks for prestressing. P. D. Cot. .Jan. 12 10
England Air Force Base in Alexandria, La.—site clearing adds to hangar cost (unit prices)...Mar. 8 132
Hill Air Force Base, Ogden, Utah—84 tons of girder sets record May 24 (F) *51
Kansas City, Mo. Airport—Cable-suspended folded-plate roof new concept in hangars.....Jan. 26 (F) *44
Kelly Air Force Base, San Antonio, Tex.—rigid-frame truss supports world's biggest hangar.....Feb. 2 *24
Correction .....Feb. 9 10
Moses Lake, Wash. hangar of Boeing Airplane Co. will have prestressed, thin-shell concrete roof....May 31 *28
N. Y. International Airport—hangar design races to keep up with the planes.....Mar. 1 (F) *42
N. Y. International Airport—hangar design races to keep up with the planes—Alternate hangar design. Robert Zaborowski.....May 3 11
Philadelphia's International Airport's suspended roof hangar is steel framed .....Jan. 26 *48

Heliports
Basic facts on heliports.....June 28 e100
New York City approves one, five more are planned .....May 3 27
Spokane, Wash. housing project will have private airfield .....Jan. 5 25
U. S. Air Force Academy
Buildings approved—more contracts coming .....Mar. 8 *28

**Air Conditioning**

Conduits next to steel columns will carry high-velocity air for air-conditioning in the Socony Mobil Building Feb. 9 (F) *33
Levittown, Pa. Houses will be air conditioned .....Jan. 12 24
New York hotels of the Hilton chain get more air conditioned rooms Feb. 16 45

**Air Pollution**

Los Angeles incinerator operating at two-thirds capacity will not violate smog test rules .....Feb. 16 42
USPHS grants for air pollution research Apr. 5 34
Alumina—Reynolds Metals to boost output at Texas plant .....Mar. 1 77

**Aluminum**

Aluminum frames fastened to steel frame to hold thin walls and windows for Ford's new office at Dearborn, Mich. .....Jan. 12 (F) *40
Construction demand outruns supply as shortage develops .....Apr. 26 113
Gold-colored aluminum .....Mar. 15 78
Houston's tallest welded building has novel aluminum facing. G. A. Heidbreder .....Mar. 15 (F) *43
Roofing for Las Vegas, Nev. reservoir to shield precious water from sun and desert dust .....May 31 (F) *47
American Assn. of State Highway Officials—Meeting in Chicago discusses electronics .....Mar. 15 *25
American Concrete Institute—Convention approves new code .....Mar. 1 26
American Institute of Architects
Delaware fee limit fight .....Apr. 26 26
88th annual convention sets a high mission for architects .....May 24 28
American Institute of Steel Construction—Eighth National Engineering Conference—steel savings in view as tests verify plastic design theory ....Apr. 12 24
American Road Builders Assn.
Second study reveals that new road-building plan can be met. V. B. Smith (tables) .....May 10 23
U. S. road legislature subject for Miami meeting. J. R. Owen .....Jan. 19 28
American Society for Testing Materials—59th annual meeting in Atlantic City, N. J.—members hear new design theories proposed .....June 28 27
American Society of Civil Engineers—Code change proposed .....Jan. 12 e100
Code change proposed—"Reasonable grounds". C. W. Griffin .....Feb. 23 8
Meeting in Dallas discuss problems of the booming Texas cities and countryside .....Feb. 23 *24
Spring meeting discusses ASCE's effect on engineer salaries ....June 14 (F) *21
Symposium on arch dams: future bright, popularity established June 14
American Water Works Assn.—More heat than light .....Feb. 9 e96
75th anniversary convention warned that too-cheap water plagues growth. Howard Jacoby .....May 17 *29

**Aqueducts**

California Aqueduct System a complex arrangement of conduits that will carry water from the north to the south (map) .....May 17 27
Delaware Aqueduct—N. Y.'s Hudson River pumping plant for sale ..Feb. 2 *30

**Arches**

Light-steel double dome roofs an auditorium .....Mar. 22 (F) *46
Long Beach, Calif.—$16-million cargo shed collapses, unbraced frames fail after erection .....Apr. 5 *25
Mauvoisin Dam will be world's largest concrete arch dam. W. G. Bowman (map) .....May 24 (F) *34
Portland, Ore. underground self-contained shelter with arched concrete roof .....Apr. 12 (F) *46
St. Louis, Mo., three-domed air terminal finished .....Mar. 8 *26
San Mames Stadium, Bilboa, Spain, grandstand roof hangs from arches Apr. 26 (F) *59
Steel arch of 1,062 ft. for highway bridge over Mersey River in Great Britain—contract awarded ..June 21 63
Tillamook, Ore. fire-retardant treated timber hangar frame withstands fire. T. K. May .....Mar. 22 (F) *39
Tilt-up ribs speed dome erection on the Georgia Institute of Technology campus .....Mar. 8 (F) *45
Wood arches span sports arena at Palm Beach, Fla. O'Brien & Brasselt Mar. 29 (F) *38

**Architects**

AIA's annual convention sets a high mission for architects .....May 24 28
AIA fights Delaware fee limit..Apr. 26 26
Fees must be adequate .....May 3 e128
Fees must be adequate—Professional fees. William Arild Johnson ..May 31 8
Fees must be adequate—The right to strike. J. E. Taft .....May 31 8
Luigi Nervi and Frank Lloyd Wright, disagree on concept of city construction .....May 3 *27
Associated Equipment Distributors—Chicago meeting .....Feb. 9 *23
Associated General Contractors—Annual meeting takes a look at laws, labor and the business outlook .....Feb. 23 *21
Assn. of Highway Officials of the North Atlantic States—Meeting in Boston is told how to get more highway per dollar Mar. 5 27

**Atomic Energy**

AEC's gaseous diffusion plant at Portsmouth will produce fissionable uranium (map) .....Mar. 29 *21
Atom power plant to be built north of New York .....May 24 *26
Lynchburg, Va. plant for reactor parts May 31 *27
Nuclear facility to fight disease at Brookhaven National Laboratory Mar. 29 *24
Private atom power plants ....Mar. 15 27
Reactor shielding for Navy Research Lab, Wash., D. C., has unique design June 21 *33
U. S. reactor program—U. S., foreign power needs will benefit ....Mar. 1 76
Who will build the A-plants? ...June 7 29
Why public atomic power? ....June 21 e134

**Atomic Energy Commission**

Hanford Atomic Project construction work resumes .....June 14 145
Portsmouth, Ohio, gaseous diffusion plant in full operation (map) Mar. 29 *21
Two utilities get permits to build first full-scale nuclear power facilities May 10 27

Auditoriums see Stadiums

**Awards**

Beaver Award to Nathan A. Bowers Feb. 16 *50
The Beavers—outstanding achievement Mar. 1 e100
ENR winner in the 18th Annual Business Paper Editorial Achievement Competition .....May 24 *28
Moles Award dinner to honor Slocum and King .....Feb. 9 *26

## B

Banks, Harvey O.—California's pick for an $11.3-billion water plan June 7-27, June 14 *33
Beach Protection see Shore Protection

**Beams**

Accident delays construction of an overpass on California's Fresno Freeway Jan. 9 *27
Composite concrete beam and slab construction needs no shear keys. Dean & Ozell .....June 7 (F) *61
Pretensioned beam is hard to break Apr. 19 *89
Pretensioning with deflected strands. R. H. Bryan .....June 14 (F) *45
Steel savings in view as tests verify plastic design theory .....Apr. 12 24
Beaver Club—Newly organized heavy construction group meets.....Feb. 2 *25
Outstanding achievement ....Mar. 1 e 100
Blasting—Canada—big blast at Ripple Rock in Seymour Narrows early in 1958 June 28 (F) *32
Bolts—High-strength bolted skyscraper in N. Y. C. on TV .....Apr. 19 *27

**Bonds**

California voters approve $40-million school bonds .....June 14 139
Contractors' bonds—questions surety men ask .....May 31 23
Kentucky plans $100-million bond issue for highways .....Apr. 26 27
Michigan road needs can be met with $500 million in bonds .....Mar. 8 26
Priest Rapids Dam's financing—$166-million issue will be sold ....June 28 82
State and municipal bond sales for construction (table) .....Jan. 12 82

**Book Reviews**

American Architects' directory. Ed. G. S. Koyl .....Apr. 19 94
Engineering drawing and descriptive geometry. Hoelscher & Springer Apr. 5 97
Floods. Hoyt & Langbein—Flood insurance. W. G. Hoyt .....May 3 11
Highway in the sun. V. W. Von Hagen Apr. 19 94
Introduction to plasticity. Aris Phillips May 17 121
An investigation of the efficiency of submarine outfall disposal of sewage and sludge. E. A. Pearson ..May 24 78
Legal cases for contractors, architects, and engineers. I. V. Werbin ..Apr. 5 97
Mechanical and electrical equipment for building. 3rd ed. Gay & others May 17 121
National Building Code—Golden Anniversary ed. National Board of Fire Underwriters .....Jan. 19 81

1955 book of ASTM standards—triennial revisions—seven volumes American Society for Testing Materials ....May 17 121
Professional engineer's examination questions and answers. W. S. LaLonde, Jr. ....Mar. 8 96
The story of the tower. Frank Lloyd Wright ....Apr. 5 98
Surveying for civil engineers—A round-up of advanced and difficult surveying methods. Philip Kissam ....Mar. 8 96

**Bridge Accidents & Failures**

Brazos River bridge, Tex.—no faulty concrete in bridge collapse ....Jan. 26 23
Overpass construction on California's Fresno Freeway delayed by girders dropped as they were being fitted onto the abutments ....Jan. 19 *27

**Bridge Construction**

Chicago's Calumet Skyway Toll Bridge project first bids received ....Apr. 12 29
Chicago's Calumet Skyway Toll Bridge superstructure bid ....May 3 28
Connecticut bridge delay blamed on steel shortage ....Apr. 26 27
Connecticut Turnpike $10.5 million bridge (unit prices) ....May 24 80
Fort Pierre Bridge, N. D. first with new type of shear connection in composite construction ....May 10 (F) *46
Los Angeles River Bridge costs analyzed two ways (unit prices) ....Apr. 5 146
Massachusetts bridge bids cut costs 44% (unit prices) ....Mar. 22 101
New Orleans, La. cantilever highway toll bridge keys city's development ....June 21 (F) *36
N. Y. State Hudson River bridge between villages of Selkirk and Castleton—superstructure bids taken early to allow for steel ....June 21 33
Pennsylvania Railroad—concrete deck placed on corrugated metal forms for bridge over railroad ....Mar. 15 *67
St. Lawrence River—permanent bridge to Barnhart Island finished in spite of cold winter ....Apr. 5 (F) *38
San Diego bridge deck of built-up concrete channels. R. C. Dorland ....Apr. 5 (F) *46
San Francisco's Richmond-San Rafael Bridge—four miles of steel nears completion ....Mar. 29 (F) *42
Sarasota County Bridge, Fla. bond bid rejected ....May 3 110
Spokane, Wash. toll bridge to be financed by state groups ....June 14 135
Steel truss bridge built for research at Northwestern Univ. ....Mar. 15 77
Ten prestressed concrete bridges contract prices (unit prices). Curzon Dobell ....Feb. 16 273
Ten prestressed concrete bridges contract prices—Alternates not desirable. Curzon Dobell ....Apr. 5 9

**Bridge Design**

Louisville-New Albany, Ohio River toll bridge, reaches the design stage ....June 21 28
Minnesota-Wisconsin Bridge—designers named ....Jan. 19 29
New Orleans, La. cantilever highway toll bridge keys city's development ....June 21 (F) *36
New York harbor bridge will have longest vertical lift-span ....May 3 26
Prestressed concrete to speed Maryland bridge (unit prices) ....May 17 133

**Bridge Renewals And Repairs**

Berkeley, Calif., overpass deck jacked 13 ft. to make new bridge from old ....June 28 (F) *30
Newport News, Va. James River Bridge system—salt, tide damage erased. George Vaccaro (map) ....May 3 (F) *23
N. Y. C.'s Queensboro Bridge gets new upper deck road way and new approach ramps ....May 31 (F) *40
Wheeling, W. Va. suspension bridge requires only repairs after a century of service ....May 24 *27

**Bridges**

Arkansas River Bridge
Major structure of Arkansas highway ....May 10 *32
Barnhart Island Bridge
Floating bridge replaced by permanent bridge ....Apr. 5 (F) *38
Berkeley, Calif.
Overpass bridge jacked 13 ft. to make new bridge from old ....June 28 (F) *30
Calif.
County bridge of reinforced concrete (unit prices) ....Jan. 26 94
Canada
Two B. C. bridge projects get the go-ahead signal ....Feb. 2 26
Connecticut
Bridge across Connecticut River between Hartford and East Hartford delay blamed on steel shortage ....Apr. 26 27
Quinnipac River in New Haven $10.5 million bridge (unit prices) ....May 24 80
Corpus Christi, Tex.
High-level harbor bridge ....Feb. 23 24
Denver, Colo.
38th St. 70-year old bridge covered with welded wire as part of asphalt surfacing ....May 10 *48
Great Britain
Steel arch of 1,062 ft. for highway bridge over Mersey River—contract awarded ....June 21 63
Idaho
Three concrete bridges on county roads (unit prices) ....Jan. 12 74
Indiana
Kentucky and Indiana agree on location of toll bridge ....Jan. 5 33
Iraq
Baby suspension bridge carries jeep ....May 10 *62
Kentucky
Indiana and Kentucky agree on location of toll bridge ....Jan. 5 33
Los Angeles, Calif.
L. A. River Bridge costs analyzed two ways (unit prices) ....Apr. 5 146
Louisville-New Albany
Ohio River toll bridge reaches the design stage ....June 21 28
Mackinac Bridge
Progress Report on Mackinac Bridge. D. B. Steinman (poem) ....Feb. 16 *45
Manatee River Bridge, Fla.
Prestressed concrete bridge (unit prices). Curzon Dobell ....Feb. 16 273
Maryland
Prince Georges County bridge will have prestressed concrete beams (unit prices) ....May 17 133
Massachusetts
New bids on Northampton bridge (unit prices) ....Mar. 22 101
Minnesota-Wisconsin bridge designers named ....Jan. 19 29
New Orleans, La.
New bridge keys city's development ....June 21 (F) *36
New York City
Brooklyn-Staten Island bridge approved—will cost $220 million ....Mar. 29 22
Changing bridges in midstream—Engineer left out. Correction ....Jan. 12 14
Queensboro Bridge gets new upper deck roadway and new approach ramps ....May 31 (F) *40
Staten Island-N. J. railroad bridge will have longest vertical lift-span ....May 3 26
New York State
Hudson River bridge between villages of Selkirk and Castleton—superstructure bids taken early to allow for steel ....June 21 33
Newark Bay, N. J.
$20-million high-level bridge across Newark Bay (map) ....June 28 (F) *36
Newport News, Va.
James River Bridge system repaired. George Vaccaro (map) ....May 3 (F) *23
Palma Sola Bridge, Fla.
Prestressed concrete bridge (unit prices). Curzon Dobell ....Feb. 16 273
San Diego, Calif.
Engineers choose site for bay crossing ....Apr. 19 24
Los Penasquitos Creek Bridge—Built-up concrete channels form bridge deck. R. C. Dorland ....Apr. 5 (F) *46
San Francisco, Calif.
Alameda-Army St. crossing—partisanship builds bad bridges ....Jan. 5 e128
Carquinez Bridge prices (unit prices) ....Feb. 2 88
Golden Gate Bridge new approach ....Mar. 15 *28
Richmond-San Rafael Bridge—four miles of steel near completion ....Mar. 29 (F) *42
Richmond-San Rafael Bridge open for traffic by Sept. 1 ....May 17 33
South Dakota
Fort Pierre Bridge is the first with new type of shear connection ....May 10 (F) *46
Spokane, Wash.
State groups finance toll bridge ....June 14 135
Washington
New study called on Lake Washington Bridge ....Jan. 26 32
Wheeling, W. Va.
John A. Roebling's suspension bridge has been in use for 100 years ....May 24 *27

**Building Accidents and Failures**

Cleveland—lift-slab garage tilted by wind ....Apr. 19 *25
Cleveland tilted parking garage—straightening ....May 3 *25
....June 14 *26
Fargo, N. D. grain elevator collapse—owner sues designer ....Jan. 5 27
Long Beach, Calif.—unbraced steel frames collapse after erection ....Apr. 5 *25
San Diego's Transit Shed—earth tremors blamed for shifting precast concrete roof girders ....May 3 *26
Watersphere that fell in New London, Minn. found undermined ....June 7 *56
Wilkins Air Force Station, Shelby, Ohio—roof section of one-story warehouse collapse—What did cause failures? C. S. Bumann ....Jan. 12 10
Wilkins Air Force Station warehouse collapse—Forces during decentering. H. H. Werner ....May 31 10
Wilkins Air Force Station warehouse collapse—when are standard designs cheaper?—Standard plans have a place. Col. R. C. Brown ....Mar. 15 10
Wilkins Air Force warehouse failures pinpointed ....Jan. 12 *21
Wilkins Air Force warehouse failures pinpointed—Inclined bars cause cracks. J. J. Creskoff ....Apr. 5 9
Wilkins Air Force warehouse failures pinpointed—Old tests explain failures. G. G. Greulich ....Mar. 22 10
Wilkins Air Force warehouse failures pinpointed—Place joints over columns. G. L. Bilderbeck ....Mar. 29 12
Wilkins Air Force warehouse failures pinpointed—Stress at inflection points. W. L. Zestger ....Mar. 8 14
Wilkins Air Force warehouse failures pinpointed—Warehouse frames unstable. H. H. Janssen ....Mar. 1 *10

**Building Construction**

Blue aluminum walls cover welded frame of skyscraper in Shreveport, La. ....Feb. 9 *28
CCA looks to increase winter construction. Robert Legget ....Jan. 26 28
California state saves $3 million on office building for Dept. of Employment in Sacramento ....Mar. 1 (F) *30
California state saves $3 million on office building for Dept. of Employment in Sacramento—Bold correction. Anson Boyd ....Apr. 19 14
Canada House skyscraper in N. Y. to have steel frame ....Apr. 12 115
Canadian pulp companies plan big West Coast expansion ....Jan. 5 109
Colorado Springs, Colo. $220-million residential development underway ....Mar. 1 80
Commercial building due for upturn (chart) ....Jan. 12 81
Commercial building setting a record ....June 14 136
Concrete skyscraper designed for hurricanes in Havana—Wind-load formula. E. A. Shelton ....Jan. 19 14
Coney Island Houses, N. Y.—solution to wet-foundation problem. J. D. Parsons & others ....Apr. 12 (F) *39
Costs
California saves 41.8% on office building (unit prices) ....Mar. 29 72
ENR cost indexes hit new high ....June 7 159
How to stretch that school dollar—further ....Apr. 26 (F) *37
Industrial building boom set to roll 3 more years but shortages may block $39-billion capital spending goal (chart & table) ....May 24 102
New York State school prices rising (unit prices) ....May 3 94
Curtain walls of Las Vegas hotel are tri-colored ....June 7 *71
Dallas, Tex. Memorial Auditorium dome cost halved by design permitting movable falsework ....Apr. 26 (F) *44
Fees must be adequate ....May 3 128
Girder will carry 23 floors of N. Y. Stock Exchange annex ....Mar. 8 *25
Homebuilders see sharp decline this year due to credit curbs, rising land costs. C. Henning Jr. ....Jan. 26 99
Houston's tallest welded building. G. A. Heidbreder ....Mar. 15 (F) *43
India's capital city mushrooms—manpower makes up for machine scarcity ....Mar. 22 *63
Jig-fabricated panel for house partition ....Feb. 2 *58
Korea—first flat glass plant nearing completion at Inchon ....June 7 *95
Lift-slab job goes up six stories in Winsted, Conn. ....Feb. 2 (F) *42
Masonry, aluminum gain popularity in homebuilding boom, trend toward larger houses, higher price tags continue (table) ....Jan. 19 109
Mortgage-purchase program may be extended soon to aid builders and lenders in construction financing ....Feb. 16 277
New York Coliseum teamwork keeps job on fast schedule ....Jan. 5 (F) *24
N. Y.'s Coliseum completed ....Apr. 26 *28
N. Y. International Airport-hangar design races to keep up with the planes ....Mar. 1 (F) *42
New York transmitter station improved (unit prices) ....Mar. 8 132
Portsmouth, Ohio, AEC plant—construction costs cut 33% (map) ....Mar. 29 *21
Poughkeepsie, N. Y.—new type of shear connector cuts cost of composite construction of IBM research building. P. P. Page Jr. ....May 10 (F) *47
Precast concrete sandwich panels turn to color at National Security Agency Building, Fort Meade, Md. H. de Bang ....June 7 (F) *68
Prudential Life Insurance Building, L. A., Calif. foundations—deformed

• Illustrated; e, editorials; (F) Articles over a page

reinforcing bars make concreting easy ..... June 7 36
Stainless steel facade for Socony Mobil Building in New York City ..... Feb. 9 (F) *33
Steel-framed building for Ford's office building in Dearborn, Mich. has highly insulated walls.... Jan. 12 (F) *40
Tallest concrete building under way in Sao Paulo, Brazil ..... June 7 (F) *93
Techniques and trends in buildings and housing ..... Feb. 16 (F) *82
Thin-shell roofs new pattern for building construction in Washington state ..... Jan. 12 (F) *34
Tilt-up ribs speed dome erection on Georgia Institute of Technology campus ..... Mar. 8 (F) *45
Underground manufacturing plant planned for Alabama site... June 14 136
Welded garage in Beverly Hills, Calif. has treelike columns.... June 14 (F) *57
What causes contractors to go broke? C. C. Henning (chart) ..... May 31 *21

*Building Design*

ACI Convention approves new code—ultimate-strength design adopted ..... Mar. 1 26
Air Force Academy design and construction gets fresh start with revised building designs ..... Feb. 2 23
Atlanta, Ga. TV and radio station in classic Georgian building.... Apr. 19 *33
Beverly Hills, Calif. welded garage has treelike columns ..... June 14 (F) *57
Bolting New York skyscraper on TV ..... Apr. 19 *27
Bridgeton, N. J. concrete warehouse has columns, beams and floor members precast and shipped 26 miles to site, 66 precast bays go up in 11 days ..... May 24 (F) *44
Brookhaven Medical Research Center's hospital designed in units.... Mar. 29 *24
Cable-suspended folded-plate roof for Kansas City Airport hangar ..... Jan. 26 (F) *44
California state saves $3 million on office building for Dept. of Employment in Sacramento ..... Mar. 1 (F) *30
Concrete skyscraper in Havana designed for hurricanes—Wind formula revised. Arsham Amirikian ..... Feb. 2 8
Concrete skyscraper in Havana designed for hurricanes—Wind-load formula. F. A. Shelton ..... Jan. 19 14
Dallas, Tex. Memorial Auditorium dome cost halved by design permitting movable falsework ..... Apr. 26 (F) *44
Designing for ultimate strength. Mar. 8 e160
Earthquake resistance
L. A. Superior Oil Building's concrete walls designed to take seismic forces ..... May 10 (F) *36
Puerto Rico's new airport terminal building has concrete framed structure, designed to withstand earthquakes ..... Jan. 12 (F) *30
Embossed, polished aluminum spandrels and 26-in.-wide white mullions on world's tallest all-bolted skyscraper in New York City..... Feb. 16 *43
GM's auditorium topped by dome of steel plate ..... Mar. 22 (F) *46
GM's Technical Center near Detroit, Mich. designed to meet tomorrow's challenge ..... May 17 (F) *54
Hangar design at N. Y. International Airport races to keep up with the planes ..... Mar. 1 (F) *42
Hangar design at N. Y. International Airport races to keep up with the planes—Alternate hangar design. Robert Zaborowski ..... May 3 11
Jig-fabricated panel for house partition and four new designs for nail-glued roof trusses introduced by SHC ..... Feb. 2 *58
Las Vegas, Nev. hotel curtain walls are tri-colored ..... June 7 *71
Los Angeles bakery has folded plate roof which spans big bays ..... Apr. 19 (F) *51
New York City garage with combined skeleton framing and bearing walls which are a challenge to any steel erector ..... Apr. 5 (F) *49
N. Y. C. Staten Island Ferry Terminal—asymmetric column placement, unparallel framing result in graceful lines that resemble ferryboat bows ..... May 10 (F) *42
N. J. state to build specially designed buildings for car insnection... Jan. 5 50
Portland, Ore. building underground self-contained shelter for city government ..... Apr. 12 (F) *46
Precast concrete sandwich panels turn to color at National Security Agency Building, Fort Meade, Md. H. de Bang ..... June 7 (F) *68
Reactor shielding for Navy Research Lab, Wash., D. C., has unique design ..... June 21 *33
Sacramento, Calif., county jail—Lift-slabs go still higher. Stubbs & Rice ..... Mar. 29 *6
St. Louis University library will have glass exterior and column-free walls ..... May 3 (F) *37
Space frames support roof for new flexible school in Wayne, Mich. ..... Jan. 12 *23
Spiral museum work begins after 12-year delay on Wright's design ..... May 10 27
Steel savings in view as tests verify plastic design ..... Apr. 12 24
Sunken office space for insurance building in Newark, N. J. ..... Jan. 12 27
Switzerland's Grande Dixence Dam—apartment bunkhouse framed with welded structural steel and sheathed in aluminum ..... Apr. 5 (F) *51
Tallest concrete building under way in Sao Paulo, Brazil ..... June 7 (F) *93
Techniques and trends in building and housing ..... Feb. 16 (F) *82
Thin-shell roofs new pattern for building construction in Washington state ..... Jan. 12 (F) *34
Where to find blast data. R. W. Sauer ..... June 7 10
Building Design see also Beams, Concrete, Girders, Roofs and Roofing

*Building Laws and Regulations*

ACI Convention approves new code ..... Mar. 1 26
ACI Convention approves new code—Against Christensen, Baron, McClure, Wosser Jr., De Maria, Larson, Teixeira, Sardis ..... Apr. 19 10
Designing for ultimate strength. Mar. 8 e160
New York State adopts third code ..... Feb. 23 23
Who owns a model code?—Code revising works well. C. D. Griffin... Jan. 5 8
Wilkins Air Force Station warehouse collapse. See **Building Accidents and Failures**

*Buildings*

Atlanta, Ga.
Georgia Institute of Technology campus steel-ribbed dome ..... Mar. 8 (F) *45
Georgia Tech's new $1 million Rich Electronic Computer Center Jan. 19 68
TV and radio station in classic Georgian building ..... Apr. 19 *33
Baltimore, Maryland
Hospital project—$95,000 separates bidders ..... Mar. 1 80
Three hotel projects proposed in one month ..... June 7 160
Beverly Hills, Calif.
Welded garage has treelike columns ..... June 14 (F) *57
Brazil
Sao Paulo's Palacio do Comercio Brazil's tallest steel-framed building ..... May 17 *85
Tallest concrete building. June 7 (F) *93
Bridgeton, N. J.
Warehouse and industrial building of precast concrete erected in 11 days ..... May 24 (F) *44
Brookhaven, L. I.
Medical Research Center will have a hospital with nuclear reactor ..... Mar. 29 *24
Chicago, Ill.
Douglas Aircraft plant is all wood—Timber buildings, big too. J. A. Scholten ..... May 3 14
Cincinnati, O.
Parking garage for Citizens Security Corp. ..... May 3 *25
Cleveland, O.
Parking garage—straightening work starts ..... May 3 *25
Wind tilts lift-slab garage.... Apr. 19 *25
Colombia, S. A.
New building has floor built upside down ..... Apr. 5 *66
Colorado Springs, Colo.
Air Force Academy buildings approved ..... Mar. 8 *28
Air Force Academy gets fresh start with revised building designs ..... Feb. 2 23
$220-million residential development underway ..... Mar. 1 80
Coney Island, N. Y.
Solution to wet-foundation problem. J. D. Parsons & others. Apr. 12 (F) *39
Dallas, Tex.
Auditorium will be roofed with unique concrete dome.... Feb. 23 *24
Memorial Auditorium dome cost halved by design permitting movable falsework ..... Apr. 26 (F) *44
Southland Center, 28-story, 600-room luxury hotel will be erected as part of the building group ..... Jan. 5 *28
Dearborn, Mich.
Ford's new office building has highly insulated walls ..... Jan. 12 (F) *40
Detroit, Mich.
GM's Styling Building—light-steel double dome roofs the auditorium ..... Mar. 22 (F) *46
General Motors Technical Center designed to meet tomorrow's challenge ..... May 17 (F) *54
GM's Technical Center—Something to remember ..... May 17 e200
Huge exhibit hall will span highway ..... Mar. 29 *25
Dominican Republic
El Embajador Hotel, Ciudad Trujillo goes up in short time..... Feb. 2 *46
Fort Meade, Md.
National Security Agency Building—precast concrete sandwich panels turn to color. H. de Bang ..... June 7 (F) *68
Fort Worth, Tex.
Continental National Bank tallest welded building..... Feb. 23 24
Germany
Rhine Main Air Base, Frankfurt Main hotel—processing center. Col. M. C. Ellison..... Mar. 8 *83
Grand Rapids, Mich.
Factory gets walls made of plastic ..... Mar. 15 *27
Hong Kong area to get giant 1,275 bed hospital ..... Mar. 8 *91
Houston, Tex.
Tallest welded building. G. A. Heidbreder..... Mar. 15 (F) *43
Huntsville, Ala.
Army's Redstone Arsenal missile test tower ..... Mar. 29 *27
Engineering-construction firm joins manufacturer to build underground plant ..... June 14 136
Ithaca, N. Y.
Cornell University's new testing laboratory for full-scale 3-D testing ..... Mar. 29 *53
Kansas City, Mo.
Cable-suspended folded-plate roof for new hangar at airport.. Jan. 26 (F) *44
Korea
First flat glass plant nearing completion at Inchon..... June 7 *95
Las Vegas, Nev.
Curtain walls on hotel are tri-colored ..... June 7 *71
Long Beach, Calif.
Unbraced steel frames of cargo shed collapse ..... Apr. 5 *25
Los Angeles, Calif.
Concrete roof of bakery spans big bays..... Apr. 19 (F) *51
Prudential Life Insurance Building foundations—deformed reinforcing bars make concreting easy... June 7 36
Superior Oil Co.'s building—walls, floors and structural steel frame team up to carry all the loads ..... May 10 (F) *36
Lynchburg, Va.
Nuclear facilities plant..... May 31 *27
Newark, N. J.
Insurance building will have sunken office space..... Jan. 12 27
New York City
Coliseum—teamwork keeps job on fast schedule..... Jan. 5 (F) *34
Coliseum completed..... Apr. 26 *28
Contract is awarded for largest bolted skyscraper adjoining Rockefeller Center..... Jan. 26 28
Guggenheim, Solomon R. Museum work begins after 12-year delay on Wright's spiral design..... May 10 27
High-strength bolted skyscraper on TV ..... Apr. 19 *27
N. Y. Stock Exchange annex—largest welded building..... Mar. 8 *25
Penn Station mart economically unfeasible ..... Jan. 12 26
Parking garage..... Apr. 5 (F) *49
Seagram building—bronze-clad skyscraper with pinkish gray glass ..... Mar. 8 *140
Socony Mobil Building—miracle at Grand Central..... Feb. 9 (F) *33
Structural steel assured for Canada House ..... Apr. 12 115
Waldorf Astoria, Statler and other Hilton hotels get more air conditioned rooms..... Feb. 16 45
Whitehall-South Ferry Terminal Building rehabilitation and alteration operation..... May 10 (F) *42
World's tallest all-bolted skyscraper at Fifth Ave..... Feb. 16 *43
Panama
City of Panama's new Legislative Palace has porcelain-enamel sandwich panels..... Apr. 19 *77
Pittsburgh, Pa.
Duquesne Brewing Co. novel walls are dormant doors..... May 10 *48
Portland, Ore.
Self-contained underground shelter for city government.... Apr. 12 (F) *46
Portsmouth, Ohio
AEC's gaseous diffusion plant—construction costs cut 33% (map) ..... Mar. 29 *21
Poughkeepsie, N. Y.
IBM new research building—in composite construction studs are used as shear connectors. P. P. Page Jr. ..... May 10 (F) *47
Puerto Rico
Isla Verde International Airport terminal subdivides traffic for efficiency..... Jan. 12 (F) *30
Sacramento, Calif.
County jail—Lift-slabs go still higher. Stubbs & Rice..... Mar. 29 *6
Office building for Dept. of Employment saves state $3 million ..... Mar. 1 (F) *30

* Illustrated; e, editorials; (F) Articles over a page

St. Louis, Mo.
Pius XII Library at St. Louis University campus.....May 3 (F) *27
San Diego, Calif.
El Cortez Hotel gets outdoor elevator.....Feb. 9 26
Shreveport, La.
20-story Henry C. Beck Building.....Feb. 9 *28
Switzerland
Apartment bunkhouse on Grande Dixence Dam for workmen.....Apr. 5 (F) *51
Sydney, Australia
Prestressed 40-ft. Y-frames for auto display shelter.....June 21 *63
Trenton, N. J.
New building to ease car inspection to be built, 6 more to be built in other parts of state.....Jan. 5 50
Venezuela
Caracas skyscraper project—two plans under study.....May 24• 70
Mt. Avilia mountaintop hotel to be reached by cableway.....May 17 92
Warren, Mich.
Chevrolet's new engineering center has double ceiling which cuts light loss.....May 10 *61
GM Technical Center see Detroit
Washington, D. C.
Reactor shielding for Navy Research Lab has unique design.....June 21 *33
Wayne, Mich.
Space frames support roof for new flexible school.....Jan. 12 *23
Winsted, Conn.
Litchfield County Hospital, 6-story liftslab building.....Feb. 2 (F) *43
Buildings see also Garages, Housing, Public Works, Warehouses

## C

### Cable and Cableways

Cable-suspended folded-plate roof new concept in hangars.....Jan. 26 (F) *44
Messina Straits—world's longest cable spans 12,000 ft.....Feb. 23 *56
Messina Straits—world's longest cable spans 12,000 ft.—Long cable is outstretched. Blocki, Jorgensen.....Apr. 5—12, 13
Table Rock Dam demolished cableway tail tower to be rebuilt.....Mar. 29 23
Venezuela—Mt. Avilia mountaintop hotel will be reached by cableway from Caracas.....May 17 92

### Caissons

New Orleans, La. new bridge construction.....June 21 (F) *36
San Francisco Naval Shipyard's new wharf is supported by deep caissons.....Feb. 2 (F) *37
Canadian Construction Assn.—Annual meeting discusses winter construction. Robert Legett.....Jan. 26 28
Too many winter shutdowns...Mar. 22 e128

### Canals

India may build new canal to stimulate coastal trade.....June 14 76
Moselle River canalization and internationalization for barge traffic may be key to European unification (map).....Apr. 5 65
Ceilings—Translucent plastic ceiling hangs below reflecting steel surface at Chevrolet's new engineering center, Warren Mich.....May 10 *61

### Cement

Cheaper, smaller, cleaner cement plant—pilot model introduced by Allis-Chalmers.....June 21 *74
ENR cost indexes reach new highs due to cement boosts.....Jan. 5 110
Indiana toll road will have an adequate supply.....Jan. 5 27
Outlook for 1956.....Feb. 23 36
Portland cement for U. S. Air Force runways.....Feb. 23 21
Prices up.....June 21 114
Shortage expected to grow worse.....June 14 139
Soviets note two methods of utilizing cement dust for fast-setting cement (table).....Jan. 26 59

### Channels

Bill signed authorizing construction of $88-million shortcut ship channel from New Orleans to Gulf of Mexico (map).....Apr. 12 25
Sacramento River, Cal. deep-water ship channel project (map).....Mar. 29 28
Church, Capt. W. C. G.—Takes over military base work in Spain from Capt. Godson this month.....Apr. 26 *74

### Cities

Baltimore—legislative battle looms over port authority bill.....Feb. 16 50
Baltimore shows a new slant on urban renewal.....May 17 30
Baltimore's big year in water. Howard Jacoby (maps & tables)...May 3 (F) *40
Boston area will get Port Authority.....May 10 26
Boston—Port Authority recommended to handle transportation facilities.....Feb. 16 42
Chicago—panel suggests ways to meet growing problems.....May 3 29
Chicago plans to spend $675 million.....Apr. 5 26
Chicago suburban area one-year study of $300 million water supply program (map & chart).....Feb. 23 (F) 33
Dallas, Tex. $20 million water supply plan approved.....Feb. 23 34
Ft. Wayne, Ind. $6.3-million parking plan.....Feb. 16 44
Hampton demands control of Norfolk Tunnel approach.....May 24 32
Los Angeles accepted incinerator at only two-thirds capacity—smog test rules not violated.....Feb. 16 42
Los Angeles: belt conveyors for transit?.....Feb. 23 *28
Los Angeles' new sewage disposal program.....Apr. 5 27
Minneapolis street improvement program—Resurfacing streets. F. E. Ramsey.....Feb. 23 8
Minneapolis street improvement program—Socialism on local level—Too much desocialization. C. C. Harris.....Mar. 29 12
Montgomery, Ala. gets federal aid for urban renewal project.....May 17 30
New Haven's fastmoving plans to give the 272-year-old city a new look.....Apr. 5 *33
New Orleans has boom abuilding as $88-mill.on channel bill is signed (map).....Apr. 12 25
New York City doubles size of Lincoln Square plan.....Jan. 19 110
New York, San Francisco and Cincinnati work on cures for downtown traffic ills.....Feb. 2 22
New York—speed-up may be the result of redevelopment skirmish....June 7 28
Philadelphia's City Council has unanimously approved plans for a proposed $100-million food distribution center.....Jan. 19 110
Philadelphia's proposed billion-dollar metropolitan road plan.....Jan. 12 24
Philadelphia's sewage treatment program (map).....Mar. 8 (F) *37
Portland, Maine, Municipal Airport—Connecticut subcontractor seeking court order for the sale.....Mar. 15 128
Portland, Ore. building self-contained underground city shelter.Apr. 12 (F) *46
St. Louis plans $160-million traffic easing (map).....Jan. 26 25
San Francisco Bay Area's $1.5-billion transit change (map).....Jan. 19 25
Wilmington, Del. prepares plan to solve parking problem.....June 21 28
Yuba City inundated by flood—damage estimated totaling $36-million with 280 homes destroyed.....Jan. 5 *26

### Cofferdams

Crib-sled cuts off flow to permit construction of steel sheetpile cellular cofferdam at St. Lawrence River. E. L. Weidner (map).....Mar. 8 (F) *47
New Orleans, La. new bridge construction.....June 21 (F) *36
New York City's Bowery Bay sewage plant—tough underpinning and cofferdam work for new low-level outfall well.....May 17 (F) *60

### Columns

Anchor bolts for columns supporting new ramp for Queensboro Bridge, N. Y. C. are placed in units to insure accurate spacing, firm grip.....May 31 (F) *40
Precast columns for warehouse speeds erection time.....May 24 (F) *44
Welded garage in Beverly Hills, Calif. has treelike columns.....June 14 (F) *57
Computers—Georgia Tech's Rich Electronic Computer Center will serve education, industry and research...Jan. 19 68
St. Lawrence River backwater curves computed by "Ferut" machine.....May 10 62

### Concrete

Aggregates
Grande Dixence will be second largest concrete dam in the world. W. G. Bowman (map).....May 24 (F) *34
Precast concrete sandwich panels turn to color.....June 7 (F) *68
Asphaltic concrete has many uses on California reservoirs. L. R. Hovater.....June 7 (F) *50
Brazil—tallest concrete building under way in Sao Paulo.....June 7 (F) *93
Cement concrete and asphaltic concrete for Kansas Turnpike (map).....Feb. 23 (F) *36
Concrete bridges on N. Y. Thruway protected by sprayed-on silicone—Silicone protected concrete. R. V. Mackey Jr.....Feb. 9 8
Concrete deck for railroad bridge.....Mar. 15 *67
Dallas, Tex. Memorial Auditorium dome cost halved by design permitting movable falsework...Apr. 26 (F), *44
Dams—Steel faces, new concrete backing will protect Huntington Lake dams from further frost damage.....Feb. 2 (F) *33
Designing for ultimate strength.Mar. 8 e160
Fly-ash
ASTM proposes fly-ash standard.....Apr. 19 90
Mix-tests show how overmixing and tempering vary concrete.....Apr. 19 90
Mortar and concrete blocks to be studied in U. of Toledo new concrete masonry research lab.....Feb. 16 227
New Orleans, La. new bridge construction across Mississippi...June 21 (F) 36
No faulty concrete in Brazos River bridge collapse.....Jan. 26 23
Oahe Dam upstream concrete plant moved downstream.....June 21 (F) *49
Portland, Ore. underground self-contained shelter with arched concrete roof.....Apr. 12 (F) *46
Precast
Girders for Air Force hangar in Utah—84-ton units set record.....May 24 (F) *51
Las Vegas, Nev. hotel curtain walls are tri-colored.....June 7 *71
Lightweight prestressed bridge precast in U. S. then shipped to Alaska—How to join precast units? H. M. Hadley.....Jan. 19 8
Prestressed beams to be used in Connecticut's new turnpike....Mar. 15 27
Precast concrete for approaches to Lincoln Tunnel third tube. C. Lowy.....Jan. 19 (F) *52
Roof girders shifted on San Diego Transit Shed — earth tremors blamed.....May 3 *26
San Diego bridge components are prestressed stringers integrated with reinforced deck slabs. R. C. Dorland.....Apr. 5 (F) *46
Sandwich panels turn to color at National Security Agency's building, Fort Meade, Md. H. de Bang.....June 7 (F) *68
Sixty-six precast bays for warehouse go up in 11 days.....May 24 (F) *44
Three concrete bridges on county roads in Idaho (unit prices).....Jan. 12 74
Prestressed
Bridge standardization is spur to use of prestressing.....May 31 81
Folded plate roof spans big bays of L. A. bakery.....Apr. 19 (F) *51
40-ft. Y-frames carry 3-level roof of auto display shelter in Sydney, Australia.....June 21 *63
Internal-external load tests on concrete pipe (chart).....Feb. 16 *221
Oklahoma water pipe (unit prices).....June 21 90
Paris' Orly Airfield has prestressed taxiway—Flat jacks for prestressing. P. D. Cot.....Jan. 12 10
Precast prestressed concrete to speed Maryland bridge (unit prices).....May 17 133
Pretensioning with deflected strands. R. H. Bryan.....June 14 (F) *45
Pricing for concrete bridges gets more competitive. Curzon Dobell (unit prices).....Feb. 16 273
Pricing for concrete bridges gets more competitive—Alternates not desirable. Curzon Dobell...Apr. 5 9
Reinforced
Concrete stands of unique cable-cantilever design for bullring in S. A.....Mar. 8 *91
County bridge in Puente, Calif. (unit prices).....Jan. 26 94
Deformed reinforcing bars make concreting easy for foundations of Prudential Life Insurance Building, L. A., Calif.....June 7 36
Drydock on site of wooden drydock.....Jan. 5 (F) *46
Failures—faulty drafting practice?—Easy way to avoid failures. William Flesher.....Jan. 26 8
Failures—faulty drafting practice?—No failures due to drafting. R. C. Reese.....Mar. 15 10
Reinforced concrete frames and cavity-type curtain walls for office buildings in India's capital city.....Mar. 22 *62
Rigid-frame failures of Wilkins Air Force warehouse pinpointed Jan. 12 *21
Rigid frame failures comments. See **Building Accidents and Failures**
Riverbed paved to halt scouring at piers at Mission, B. C.....May 3 70
Seabees build navy housing on Guam designed for typhoon winds.....Feb. 23 (F) *45

Diesel pile hammer is self-actuating ....June 21 *55
Fins guide piles to firm bearing...Apr. 5 *85
N. Y. C.'s Bowery Bay sewage plant—difficult pile driving....May 17 (F) *60
Pile length can be figured. D. V. Roberts ....June 14 10

*Pipes and Pipelines*

Bids soon to be called for unique 70-mile slurry pipeline....June 14 139
Canada's West Coast Transmission Co.'s Peace River natural gas pipeline—steel pipe shipped from England ....Mar. 1 *76
Internal-external load tests on concrete pipe (chart)....Feb. 16 *221
Natural gas line to be built—will serve Washington and Idaho....Jan. 12 25
Natural gas line under way from Alberta, B. C. to Huntingdon...Jan. 26 32
N. M. to Pacific Northwest pipeline passes halfway point....Apr. 5 48
N. M. to Pacific Northwest pipeline—property condemnation laws for pipelines termed faulty....May 10 33
Oil and gas pipelines and plastic as a newcomer to the field of engineering materials ....Feb. 23 24
Prefabricated pipes are quickly installed in new home....May 24 (F) *49
Santa Ana, Calif. river crossing job proved to be tough construction operation ....Jan. 26 *35
Southern Pacific RR will build another pipeline along right-of-way..Apr. 26 32
Spillway pipe improvement for small dams has eliminated need for vertical intakes ....May 3 *75
Texas water line takes bids four ways (unit prices) ....Apr. 26 104

*Planning*

Baltimore, Md.—three hotel projects proposed in one month....June 7 160
Baltimore's urban renewal program ....May 17 30
Boston—state port authority recommended to handle transportation facilities ....Feb. 16 42
Burma improvements begin with $19.4-million World Bank loan....June 7 94
Canada—racetrack site at Lesside near Toronto, Ont. into a $100-million community in 1962....Mar. 29 *78
Chicago's five-year capital improvement program calls for $675 million ....Apr. 5 26
City planners meet, disagree on future of downtown areas....May 17 31
Columbia redevelopment—S. C. ruling forbids use of area for business only ....Feb. 16 44
Connecticut urban area gets Coordination Committee ....Apr. 26 27
Dallas, Tex.—hotel is added to Southland Center plan....Jan. 5 *28
Denver's plan for $35 million worth of "let-a'-e" improvements at Stapleton Municipal Airport ....Mar. 1 25
Detroit slum clearance—razed land would be used for huge medical center ....May 31 34
Detroit, Mich. will need 720,000 housing units during next 20 years....Mar. 1 80
Kansas City, Mo. project, new airport to be called Mid-Continent International Airport....Jan. 26 (F) *44
London removes an ancient bottleneck and plans a business center at Elephant and Castle road intersection ....Mar. 15 *61
Minot and Grand Forks, N. D. airbases—two complete cities for base personnel planned on windswept prairie ....May 31 (F) *34
New Haven's redevelopment program ....Apr. 5 *32
New Orleans has boom abuilding as $88-million channel bill is signed (map) ....Apr. 12 25
N. Y. C. can clear up slums in 20 years ....Apr. 19 26
New York City doubles size of Lincoln Square plan....Jan. 19 110
New York City plans six heliports ....May 3 27
New York City—speed-up may be the result of redevelopment skirmish ....June 7 28
New York Penn Station mart economically unfeasible—new development

* Illustrated; e, editorials; (F) Articles over a page

planned on the West side....Jan. 12 26
Philadelphia—rapid transit through tube under Delaware River to Camden ..... Apr. 19 28
St. Louis plans $169-million traffic easing (map) ..... Jan. 26 25
San Francisco Bay Area's $1.5-billion transit change (map) ..... Jan. 19 25
Vina Vista, San Bernardino, Calif. planned city will have two-thirds of the land for industry, remaining territory for residential and commercial use ..... May 24 104
Washington, D. C. seeks industry Jan. 5 109
Wilmington, Del.—students of Univ. of Delaware to plan redevelopment of waterfront area.....June 21 *71

*Plastics*

Moving into construction in a big way. F. S. Merritt.....June 7 (F) *22
Ripe pickings for plastics.....June 21 e134
Translucent plastic ceiling below reflecting steel surface cuts light loss ..... May 10 *61
Plumbing—Prefab plumbing trims housing costs .....May 24 (F) *49

*Ports and Harbors*

Baltimore—Maryland Port Authority is staffed* ..... June 7 117
Baltimore—Maryland State Port Authority gets legislature approval ..... Mar. 8 25
Boston area will get Port Authority ..... May 10 26
Corpus Christi harbor gets high-level bridge ..... Feb. 23 24
Eisenhower's State of the Union Message—what action will Congress take? ..... Jan. 19 21
Green Bay, Wis. $74-million harbor and industrial development plan...Jan. 5 109
Indiana port project on Lake Michigan economic and operational feasibility assured by engineering survey ..... May 17 36
Maryland port bill passes final test ..... Mar. 15 26
Milwaukee, Wis. bulkhead in Lake Michigan (unit prices) ..... Apr. 19 138
New Orleans has boom rebuilding as $8$-million channel bill is signed (map) ..... Apr. 12 25
N. Y.'s Brooklyn Navy Yard new dry-dock built on site of old wooden dock ..... Jan. 5 (F) *46
New York City's-Staten Island Ferry Terminal—old port a challenge to builders ..... May 10 (F) *42
Nicaragua schedules Pacific port of Corinto improvement.....June 21 64
Norfolk, Va. Port Authority plans multi-million development ..... June 7 160
Sandusky, Ohio, harbor improvement studied by Engineer Corps....Mar. 8 50

*Power and Power Plants*

AEC issues first permits for construction of private large-scale nuclear power plants ..... May 10 27
Canada—Rapid Sans Nom, new hydroelectric development along the Upper St. Maurice River in Quebec (map) ..... Apr. 19 77
Canada, U. S. may be near accord on Columbia River ..... June 7 34
Construction and the 84th Congress ..... June 14 (F) 24
Coosa River $150-million power plant project ..... May 31 84
El Segundo Steam Station under construction gets protective coatings ..... Jan. 5 (F) *52
Gavins Point powerhouse—installation of the unit 1 turbine housing ..... Feb. 9 (F) *51
Hanabanilla: Cuba's hydro project (map) ..... June 14 (F) *73
India's TVA—Damodar Valley Corp. progress report (map)...Apr. 12 (F) *53
Linden, N. J. boiler-water treatment plant stresses demineralizing steps ..... May 24 40
Littleton Project of New England Electric features unusual powerhouse, air-cooled generators, early diversion ..... Mar. 1 (F) *35
North Feather River expansion work to start this summer.....Apr. 26 27
Schoellkopf station of Niagara Mohawk Power demolished by Niagara rock slide ..... June 14 *27
Schoellkopf Station of Niagara Mohawk —Niagara rock slide damage estimates revised, debris removal is started ..... June 21 28
TVA installs largest pump-turbine at Hiwassee Dam.....June 21 (F) *45
TVA's service area—power deficit foreseen if expansion ban continues ..... Jan. 12 25
Texas water problem helped by private utility companies .....Feb. 23 24
Uganda gets more and cheaper power from the Nile ..... May 3 *68
Vancouver Island gas-turbine power unit set.....Apr. 12 56
World waterpower reported in the U. S. Geological Survey.....Feb. 9 41
World's first tidal power plant begun in France. W. G. Bowman ..... June 14 (F) *36
Would Niagara really suffer?..June 21 e134
Yukon project economically feasible ..... May 31 82
Powers, Col. William F.—Head of operations center for the Northeast disaster area ..... Feb. 23 *26
Prentiss, Maj. Gen. Louis W.—Taking over ARHA.....May 10 23
Will succeed Gen. Eugene Reybold as executive vice president of ARHA ..... Feb. 9 *56
Prices—Steel price boost is on the way ..... May 17 177
Proctor, C. S.—Elected A.I.C.E. president ..... Feb. 23 *57
Public Relations—In defense of lawyers ..... Feb. 2 e112

*Public Works*

Chicago to spend $675 million for public improvements 1956-1960.....Apr. 5 26
Construction and the 84th Congress ..... June 14 (F) 24
Eisenhower's State of the Union Message—what action will Congress take? ..... Jan. 19 21
New York transmitter station improved (unit prices).....Mar. 8 132
Pennsylvania General State Authority has voted to request approval for a $130-million increase for public building program.....Jan. 5 33
Pennsylvania state spending goal is set ..... June 7 28
Schools
AIA fights Delaware fee limit..Apr. 26 26
California voters approve $40-million school bonds.....June 14 139
Chicago to let contracts on $10 million in schools.....Mar. 15 44
Dayton, Ohio—homes leased as schools ..... May 17 179
Economic nostalgia. C. W. Griffin ..... June 14 12
Eisenhower's State of the Union and Budget Messages—what action will Congress take? ..... Jan. 19 21
Fees must be adequate.....May 3 128
Great Neck, N. Y. $7-million junior-senior high school will occupy about eight acres.....Feb. 23 22
How to stretch that school dollar—further.....Apr. 26 (F) *37
Kentucky Junior High School for Owensboro, Ky. (unit prices).Feb. 2 88
Mounting enrollments put new pressure on schools.....Apr. 26 115
New York legislature boosts school aid ..... Mar. 29 77
New York State school prices rising (unit prices) ..... May 3 94
Pennsylvania schools get aid after two-year halt.....Apr. 5 154
To get the schools we need stick first to the essentials.....Apr. 26 e138
Washington state's engineers turn to thin-shell roofs.....Jan. 12 (F) *34
Wayne, Mich. new flexible school of space-frame design.....Jan. 12 *23
White House conference committee school report favors U. S. aid ..... Apr. 12 23
Utilities speed expansion .....Jan. 26 100
Venezuelan contractors to finance public works.....May 31 48
Pumps and Pumping—New York City has a 100-mgd pumping plant for sale ..... Feb. 2 *30
Solution to wet-foundation problem—Coney Island Houses, N. Y. construction. J. D. Parsons & others ..... Apr. 12 (F) *39

## Q

Quays see Ports and Harbors

## R

Radio Frequency Energy—a Potential Hazard in the Use and Transportation of Electric Blasting Caps—pamphlet published by the Institute of Makers of Explosives ..... Jan. 19 67
Radio—New York transmitter station improved (unit prices).....Mar. 8 132
Radioactivity—Army's mobile water plant removes radioactivity.....Jan. 5 *25
Radioactivity: the engineer's part of the problem.....June 21 26
Rail and Water Terminals—New York City's Staten Island Ferry terminal a challenge to builders.....May 10 (F) *42
San Francisco plans terminal to serve trailer ships.....Feb. 9 28
*Railways*
Columbus, Ohio, streamlined rail plan would cut costs.....May 17 34
Continuous welded girder bridges transported six miles from shop to site for lines of German Railways in the Ruhr .....Apr. 12 *58
Engineers through active recruitment program .....Mar. 22 *26
Pennsylvania Railroad gets new bridge —concrete deck placed safely on corrugated metal forms.....Mar. 15 *67
Problems not all solved.....Mar. 29 e96
Southern Pacific RR will build another pipeline along right-of-way..Apr. 26 32
Union Pacific RR's Salt Lake trestle: out, back in 7 days.....June 7 *67
Union Pacific RR—Southern Pacific RR trestle to be replaced across Utah's Great Salt Lake.....Mar. 22 *24

*Rainfall and Runoff*

Arizona scientists try new rain-making research .....June 28 35
Changing the weather is discussed by world group at Tucson, Ariz..May 17 103
University of Arizona asks $25,000 to study how rainfall runoff can be upped .....Mar. 1 32
Ramps—Circular ramp "The Helix" on N. J. side feeds traffic into the three tubes of N. Y. C. Lincoln Tunnel ..... Jan. 19 (F) *46
Rapid Transit see Transportation

*Research*

Allis-Chalmers introduces pilot model of cheaper, smaller, cleaner cement plant .....June 21 *74
Analyzing detergents in water, sewage plants .....June 7 100
Animal feed from spent sulfite liquors ..... Apr. 19 89
Armour Research Foundation—tests on steel H-beam piles.....Apr. 5 *90
Beach Erosion Board has world's largest wave machine for full-scale tests on structures in the surf zone ..... Mar. 29 (F) *34
Brookhaven National Laboratory will have medical research center with nuclear facility to fight disease ..... Mar. 29 *24
Can radio cause blast accidents? (table) .....Jan. 19 67
Catapult yields impact stress data ..... Jan. 19 *67
Cathodic protection of steel roller and lock gates tested at Mississippi River dam. Shanks & Rohwedder ..... Mar. 15 (F) *33
Changing the weather discussed by world group at Tucson, Ariz..May 17 103
Cornell University's new structural testing laboratory built for full-scale 3-D testing.....Mar. 29 *53
Evaporation losses cut by covering reservoirs with a molecular thickness of fatty substance.....May 17 106
Failures point to need for research ..... Jan. 19 e128
Fort Randall—carp reproduction control by water level manipulation tested by Army Engineers. R. J. Smith.....Mar. 22 (F) *35
Frame wall anchorage to be studied for FHA.....Jan. 19 68
Geologists to test storm wave theory ..... Feb. 16 222
Harvard Univ. water resources research program will analyze multipurpose river projects.....June 21 71
Hydraulic problems of record-high lock for Wilson Dam will be worked out in model studies at TVA's laboratory in Norris, Tenn .....Mar. 15 *77
Jig-fabricated panel for interior partitions and floors, new designs for nail-glued roof trusses introduced by Small Homes Council.....Feb. 2 *58
Lehigh University's new 5,000,000 lb testing machine puts tension on a strand assembly for a new cable-suspended hangar roof.....May 10 *71
Lehigh University testing pretensioned bridge beam.....Apr. 19 89
Practical plastic design of steel coming ..... Apr. 19 n172
Rainmaking research at the University of Arizona..... June 28 35
Soil stabilization agent added to compaction water.....May 3 78
Spillway improvement worked out by St. Anthony Falls lab., Minn...May 3 *75
Steel truss bridge built for research at Northwestern Univ.....Mar. 15 77
Stream capacity for waste disposal statistical analysis of grab samples ..... May 10 66
USPHS grants for air pollution research .....Apr. 5 34
University of Arizona asks $25,000 to study how rainfall runoff can be upped .....Mar. 1 32
Vibration records improved with new meter .....May 10 72
Research see also Highway Research

*Reservoirs*

Asphalt has many uses on California reservoirs. L. R. Hovater..June 7 (F) *50
Bolivian underground water storage facility. A. E. Niederhoff.....May 3 *67
Buford, Ga. dam being filled....Feb. 23 *25
Charleston Heights Reservoir, near Las Vegas, Nev.—aluminum sheeting protects precious stored water ..... May 31 (F) *47
Chimney Rock, N. J., proposal defeated .....Mar. 29 28

* Illustrated; e, editorials; (F) Articles over a page

Fort Randall's carp reproduction control by water level manipulation. R. J. Smith.....Mar. 22 (F) *35
Hungry Horse—diversion dam would add to power at Hungry Horse Jan. 26 26
Molecular thickness of fatty substance saves reservoir water from evaporation losses.....May 17 106
Oroville Dam reservoir—state funds would buy rights-of-way.....Feb. 16 44
Potential water and power producing area discovered by Spokane, Wash. engineer.....June 21 27
Wallpack Bend Dam and Reservoir—Delaware River dam plans set (map) Mar. 1 28
Reybold, Gen. Eugene—Commander of Fort Belvoir to retire.....Feb. 9 *56
Rhinehart, Robert J.—New president of NSPE.....May 24 *32

*Rivers*
Columbia River Basin development—local views to be asked about future planning.....June 21 33
Columbia River development—Canada, U. S. may be near accord.....June 7 34
Cooper River diversion project (map) Mar. 22 (F) *33
Egypt's proposed Nile River project—Aswan High Dam (map)..Feb. 9 (F) *44
Feather River Project (map).....May 17 27
Feather River project—California flood damage puts new priority on project Feb. 16 44
Feather River project—hydro-irrigation plan feasible.....Jan. 19 26
Harvard Univ. water resources research program will analyze multipurpose river projects.....June 21 71
Los Angeles River in San Fernando Valley—channel is paved to facilitate swift movement of flood waters. L. L. Wise (map & table).....May 17 (F) *40
Mississippi low water problems—three types of dams considered.....Mar. 8 56
Missouri River control affects water supplies (map).....Jan. 19 (F) *41
Moselle River canalization and internationalization for barge traffic may be key to European unification (map) Apr. 5 65
N. C. hurricane-clogged streams threaten with malaria.....May 10 28
North Feather River expansion work to start this summer.....Apr. 26 27
St. Lawrence River—backwater curves computed by machine.....May 10 62
St. Lawrence River—crib-sled plugs fast-flowing river. E. L. Weidner (map).....Mar. 8 (F) *47
St. Lawrence's key season is launched (map).....Apr. 5 23
Santa Ana River, Calif.—tough river crossing for large pipe...Jan. 26 (F) *35
Techniques and trends in river use and control (maps).....Feb. 16 (F) *110
Upper Colorado River flood control and reclamation project—bill signed Apr. 19 *29
Upper Colorado River project shapes up as reclamation gets $760-million (map).....Mar. 8 23

*Roofs and Roofing*
Aluminum sheeting shields precious water from hot sun and desert dust for Las Vegas Valley Water District May 31 (F) *47
Boeing Airplane Co.'s hangar at Moses Lake, Wash. will have prestressed, thin-shell concrete roof.....May 31 *28
Cable-suspended folded-plate roof—new concept in hangars...Jan. 26 (F) *44
Dome cost of Dallas, Tex. Memorial Auditorium halved by design permitting movable falsework..Apr. 26 (F) *44
Folded plate roof spans big bays of L. A. bakery.....Apr. 19 (F) *51
Light-steel double dome roofs the auditorium of GM's Styling Building Mar. 22 (F) *46
Northwest engineers turn to thin-shell roofs for school buildings..Jan. 12 (F) *34
Portland, Ore. underground self-contained shelter with arched concrete roof.....Apr. 12 (F) *46
Prestressed 40-ft. Y-frames carry 3-level roof of auto display shelter in Sydney, Australia.....June 21 *63
St. Louis, Mo. three-domed air terminal finished.....Mar. 8 *26
San Mames Stadium, Bilbao, Spain grandstand roof hangs from arches Apr. 26 (F) *59
Space frames support roof for new flexible school in Wayne, Mich. Jan. 12 *23
Suspended roof for Philadelphia's Airport hangar is steel framed..Jan. 26 *43

## S

*Safety*
Can radio cause blast accidents? (table).....Jan. 19 67
Dallas plan—safety is a joint responsibility.....Jan. 5 *112
ILO safety report.....May 31 89

Los Angeles sewage disposal question—Pt. 1. Why modify present treatment—Hose sewage into Ocean. W. J. Wenzel.....Jan. 26 8
L. A. sewage treatment ruling sets new pollution control formula.....May 10 28
Los Angeles to let $12 million start on Hyperion treatment plant.....Apr. 5 27
Louisville, Ky. to get only one plant despite demands.....Feb. 9 24
Milwaukee sewage plan.....Apr. 26 26
Narragansett Bay pollution cleanup program begins with rebuilding of old treatment plant.....June 14 33
Nashville, Tenn.—wide-area sewage system proposed.....June 21 27
New York City's Bowery Bay sewage plant—how to underpin and dig through 62 feet of mud and rock May 17 (F) *60
Ohio River work—$78 million in contracts for sewage system.....Jan. 26 23
Pennsylvania aids industry to acquire treatment sites.....June 7 36
Philadelphia's sewage treatment program—three strikes against water pollution (map).....Mar. 8 (F) *37
Puerto Rico sewage plant goes to second low bidder (unit prices)..Jan. 26 94
San Diego has approved chlorination of sewage.....Mar. 22 42
Scottsdale, Ariz. to be served by private sewage disposal company....June 14 34
Seattle's ten year fight is ended, voters ok complete treatment.....May 3 28
Somerset-Raritan Valley Sewage Authority accepts American Cyanamid's unique sewage service offer..Mar. 22 25
South Charleston, W. Va. signed pact with Carbide and Carbon to build new plant.....Mar. 29 23
Texas leans towards oxidation ponds Feb. 23 24
Washington State sewage plants will fill state's need.....Apr. 19 48

*Sewers*
Federal aid for sewage works construction—ENR sponsored conference June 7 (F) *40
Federal aid—Moving too fast...June 7 e180
Johnston, R. I. sanitary sewer (unit prices).....May 3 94
Marple Township, Pa. homebuilder is forced to install dead-end lines May 31 26
Milwaukee sewage plan.....Apr. 26 26
Nashville, Tenn.—wide-area sewage system proposed.....June 21 27
St. Louis sewer plan—four projects (map).....Mar. 15 29
Springfield, Ill. sanitary district to start $7.8-million sewer program May 17 24
Yorklyn, Del. paper mill has rolling sewers.....May 17 33
Shore Protection—Beach Erosion Board takes the unknowns out of shore protection.....Mar. 29 (F) *34
Sieder, O. F.—H. K. Ferguson executive retires.....Jan. *69
Soil Mechanics—Soil stabilization agent added to compaction water.....May 3 78
Spatta, George—President of Clark Equipment Co. of construction equipment.....Apr. 19 *145
Spencer, Charles B.—Noted foundation expert dies.....Jan. 12 27
One of first and best.....Jan. 19 e178
Snow—Pacific Northwest and sections of Colorado face water problem caused by rapidly melting mountain snows June 14 *33

*Stadiums*
Building in S. A. with concrete stands of unique cantilever design....Mar. 8 *91
Dallas, Tex. Memorial Auditorium dome cost halved by design permitting movable falsework..Apr. 26 (F) *44
Dallas, Tex. Memorial Auditorium—Will feature concrete dome...Feb. 23 *24
GM's Stylina Building, Detroit—circular auditorium topped by steel plate dome.....Mar. 22 (F) *46
Italy—every city will have its stadium like the 28,000 seat prototype built at Pescara.....Apr. 5 *66
Municipal Sports Stadium, St. Paul, Minn. (unit prices).....June 14 95
San Mames Stadium, Bilbao, Spain grandstand roof hangs from arches Apr. 26 (F) *59
Steel-ribbed dome for Georgia Institute of Technology campus....Mar. 8 (F) *45
West Palm Beach, Fla. sports arena has record wood arches. O'Brien & Brassell.....Mar. 29 (F) *38

*Standardization*
ASA publishes standard sq. ft. measure for office buildings.....Apr. 12 104
No compromise of standards....Jan. 5 e128
No compromise of standards—Ohio Turnpike standards. J. D. Hartshorne Jan. 26 8

*Steel*
Corrugated steel forms for railroad bridge construction.....Mar. 15 *67
Miami International Airport—structural steel for terminal (unit prices) Mar. 29 72
New York City garage with combined skeleton framing and bearing walls which are a challenge to any steel erector.....Apr. 5 (F) *49
Price boost is on the way.....May 17 177
Record demand will prolong shortage (chart & table).....Mar. 15 21
Refacing with thin steel membrane bolted to dam gives the Big Creek Dam face a quilted look..Feb. 2 (F) *33
Shipments top record, 35% more than 1955.....May 10 27
Shortage delays Ohio's big highway program—Plenty of wire reinforcing. F. P. Brown.....Feb. 2 8
Shortage a serious obstacle to Florida's road program.....Jan. 5 109
Shortage of steel blamed for Connecticut bridge delay.....Apr. 26 27
Steel ribs to fit new specifications for Koolau Mountain Tunnel.....Feb. 9 *25
Strike menaces steel supply....June 21 112
Structural steel assured for Canada House in N. Y.....Apr. 12 115
Structural steel shipments may be highest since 1929.....Jan. 19 110
Tests verify plastic design theory for continuous beams and frames—steel savings in view.....Apr. 12 24
Welded frame designed to take vertical loads in multistory building in L. A. May 10 (F) *36
Welding to save steel. Van Rensselaer P. Saxe.....Apr. 26 11

*Street Traffic*
Honolulu plans third arterial route to ease downtown traffic.....Mar. 29 32
London removes an ancient bottleneck at Elephant and Castle road intersection.....Mar. 15 *61
Los Angeles thinks over belt conveyors for transit.....Feb. 23 *28
New Orleans, La. cantilever highway toll bridge keys city's development June 21 (F) *36

*Parking*
Ft. Wayne, Ind. $6.3-million parking plan.....Feb. 16 44
Jacksonville, Fla. parking lot sits on water front.....May 10 *51
Major cities have spent half-billion for parking.....May 31 84
Off-street parking plans tackled by seven states.....Mar. 29 27
San Diego, Calif. studies proposal for creating 48-block district...Mar. 1 77
Wilmington, Del. prepares plan to solve parking problem.....June 21 28
Philadelphia to use TV to prevent traffic snarls.....Apr. 26 32
St. Louis plans $166-million traffic easing by constructing three radial arteries (map).....Jan. 26 25
Tennessee plans free traffic advice for cities and towns.....Apr. 12 50
Three cities work on cures for downtown traffic ills.....Feb. 2 22
Tokyo plans to relieve traffic congestion with three-level reinforced concrete motor freeway.....Apr. 26 *62
Stresses—Catapult yields impact stress data.....Jan. 19 *67

New bolting technique applied to N. Y. C. skyscraper on TV....Apr. 19 *27
Philadelphia to use TV to prevent traffic snarls ....Apr. 26 32
Stuttgart, Germany, TV tower is Europe's second highest structure Apr. 19 *78

*Tennessee Valley Authority*

Expansion program without Congressional approval ....Apr. 5 24
Largest pump-turbine installed at Hiwassee Dam ....June 21 (F) *45
Power deficit foreseen if expansion ban continues ....Jan. 12 25
Testing—Photogrammetry for structural testing ....Jan. 26 (F) *38
Testing machine—Lehigh University's new 5,000,000 lb testing machine May 10 *71

*Tidal Power*

Passamaquoddy again ....Feb. 23 e96
Passamaquoddy project under investigation (map) ....Feb. 9 22
World's first tidal power plant begun in France. W. G. Bowman June 14 (F) *36
Tornadoes see Wind Storms
Torpen, B. E.—Left federal service to accept engineering post with Pacific Power ....May 3 *79

*Towers*

Army's Redstone Arsenal—concrete test tower holds rocket for engine test ....Mar. 29 *27
Nashville TV tower will be third highest in the world ....Apr. 19 34
Offshore oil drilling towers with open-work steel legs raised and lowered mechanically ....Apr. 5 *26
Stuttgart, Germany TV tower is Europe's second highest structure Apr. 19 *78

*Training*

Apprentice deficit underlined as NAHB takes a look at the homebuilders problems ....Feb. 2 *21
Apprentice training in the highway and heavy construction field needed, says John Volpe ....May 3 *23
Apprentices—enough for now, but it's time for training of tomorrow's craftsmen. C. J. Harding (table) May 3 *21
College scholarships to unions sons and grandsons offered by construction firm ....Feb. 2 96
Confusing the issue ....Mar. 1 e100
Confusing the issue—Education and Russia. J. B. Fuller ....Apr. 19 10
Confusing the issue—More engineering students. A. G. Lichtenstein, R. Adm. C. L. Strain ....Mar. 29, 6 10
Getting students to think ....June 21 *71
Korean engineers in U. S. for harbor and channel dredging training June 14 *84
Unique seminar at Harvard ....June 21 71
Tramways see Cables and Cableways

*Transportation*

Baltimore—quickest way through Baltimore will be via expressway through tunnel (map) ....Apr. 19 (F) *58
Boston area will get Port Authority May 10 26
Delaware River Authority airs big plan for rapid transit ....Apr. 19 28
Face up to rapid transit ....May 24 e124
Los Angeles thinks over belt conveyors for transit ....Feb. 23 *28
Maryland Port Authority is staffed June 7 117
Monorail demonstrated in Houston, Tex. Feb. 23 23
Moselle River canalization and internationalization for barge traffic may be key to European unification (map) Apr. 5 65
Philadelphia's billion-dollar road plan Jan. 12 24
San Francisco Bay Area $1.5-billion transit change (map) ....Jan. 19 25
San Francisco Bay—Rapid transit stalled ....May 17 e200
San Francisco's transit plan is termed feasible ....Mar. 22 109
Techniques and trends in transportation ....Feb. 16 (F) *136

*Trucks*

Heavy construction trucks—special fee for exceeding weight limits ..Feb. 9 22
Ohio Turnpike officials have reduced toll rates for trucks ....June 28 25
Toll rates on Ohio Turnpike considered too high ....Mar. 22 23
Trusses—Nail-glued roof trusses—new designs presented by Small Homes Council ....Feb. 2 *58
Rigid-frame truss supports world's biggest hangar ....Feb. 2 *24
Correction Feb. 9 10
Tulley, Gen. David H.—Appointed commander of Fort Belvoir ....Apr. 5 *72

*Tunnels*

Argentina
Underwater tunnel to link two provinces ....June 7 95
Baltimore Harbor Tunnel
Quickest way through Baltimore (map) ....Apr. 19 (F) *58
California
Western Pacific Railroad will construct tunnel in Feather River Canyon to end slide hazard Mar. 1 25
Canada—Fraser River Tunnel contract awarded ....Apr. 5 27
Colorado governor trys new tack to include Continental-Divide tunnel in proposed interstate highway system June 7 34
Colorado's highway commission rejected construction of tunnel under the Continental Divide ....Jan. 26 24
Colorado opens bids on Continental Divide ....Mar. 22-26, Apr. 19 26
Delaware River Port Authority plans rapid transit through tube from Philadelphia to Camden ....Apr. 19 28
Denver calls for bids on 23-mi mountain tunnel to deliver Colorado River water to city (map) ....May 24 25
Great Britain—Thames Tunnel work to start after 17 years ....May 17 85
Hampton Roads Bridge-Tunnel Norfolk, Va.
City demands control of tunnel approach ....May 24 32
Hurricane guards designed into new bridge-tunnel ....Jan. 5 42
Hawaii
Water collection tunnel skims fresh water off salt ....Mar. 15 (F) *47
Honolulu's Wilson Tunnel
Koolau approach bids opened while damage suits pile up ....June 7 36
Koolau Mountains project finally tunneled through ....June 28 26
New engineers appointed for Koolau Mountain Tunnel ....Mar. 22 30
Wilson Tunnel through Koolau Mountain faces new problem—financing of approach roads ....Mar. 1 25
Wilson Tunnel through Koolau Mountain will get a new start ..Feb. 9 *21
Indo-Kashmir tunnel link pass three-quarter mark ....June 7 94
Kemano, B. C. tunnel dewatering planned to investigate cause of lowered water pressure ....June 28 24
New York City
Holland Tunnel tube gets catwalk cars ....May 3 *29
Lincoln Tunnel—lights will control traffic in reversible tunnel tubes June 7 56
Lincoln Tunnel third tube—guide drift will be sealed, shield will finish the job ....Feb. 9 26
Lincoln Tunnel Third tube has precast concrete for approaches. C. Lowy ....Jan. 19 (F) *52
Lincoln Tunnel third tube—$30 million answer to a reversible tunnel traffic problem ....Jan. 19 (F) *46
Lincoln Tunnel third tube—water stops rock drift work ....Feb. 2 *22
Robinson Bay Lock on St. Lawrence Seaway includes highway tunnel (unit prices) ....Mar. 15 121
Shoshone Dam, Wy.—pilot tunnel to be built at dam site ....Mar. 8 50
Underwater tunnels—Older tunnels June 7 14
Virginia
Considers 21-mile bridge-tunnel across Chesapeake Bay ....Feb. 16 44
Ferry sale paves the way for Virginia bridge-tunnel ....May 3 25
Traffic survey indicates the project is feasible ....Mar. 15 28
Virginia General Assembly authorizes two tunnels ....Mar. 29 32
What is a tunneling record, and why? Mar. 29 e96
Turbines—Kaplan turbines on the Missouri ....Feb. 9 (F) *51

## U

Unit Prices Jan. 12-74, Jan. 19-102, Jan. 26-94, Feb. 2-88, Feb. 9-71, Feb. 16-273, Feb. 23-72, Mar. 1-71, Mar. 8-132, Mar. 15-121, Mar. 22-101, Mar. 29-72, Apr. 5-146, Apr. 12-104, Apr. 19-136, Apr. 26-104, May 3-94, May 10-83, May 17-133, May 24-80, May 31-66, June 7-122, June 14-95, June 21-90, June 28 60
U. S. Air Force—Paves a valley for Plattsburgh Air Force Base Jan. 19 (F) *34
Strategic Air Command speeds family housing program ....Apr. 12 116
U. S. Army Engineers—Act fast in California flood area ....Jan. 12 23

*U. S. Bureau of Reclamation*

50 years of ups and downs for USBR. V. B. Smith (chart) ....Mar. 1 (F) 21
Reclamation back in business ..Mar. 15 e148
Reclamation back in business—Against reclamation. N. S. Long ....May 3 11
U. S. Bureau of Yards and Docks—Seabees build navy housing overseas on Guam ....Feb. 23 (F) *45
